

Architect First Meeting Scan Review

Cohort Meaning

This batch should be treated as an **architect briefing subset**, not a **favorites** or **best-of-style** subset.

Operational interpretation:

- High signal: Leslie considered these pages useful to bring to the first architect meeting.
- Medium signal: these pages help communicate direction, priorities, or reference language.
- Low signal: these pages are not necessarily the strongest pure style exemplars in the full corpus.

Review Instructions

For each page, decide one of:

- **keep_in_briefing_subset**: useful for architect communication
- **exclude_separator_or_noise**: blank/backer/separator/non-content page
- **exclude_editorial**: cover, table-of-contents, text-heavy spread, subscription page, or reference page
- **reclassify_later**: real content, but belongs in a later taxonomy pass rather than this briefing subset
